

Date	Time	Track	Presentation Title	Speaker
10-Sep	07:00 - 08:00 AM		Advances in PSC Workflows to Build Better Models and Therapies	Omar Farah, Ph.D. Field Applications Manager, Thermo Fisher Scientific
10-Sep	08:00 - 09:00 AM		Taking Your Research to New Dimensions with 3D Cell Culture	Sara Pérez Muñoz, M.Sc. Field Application Scientist, Thermo Fisher Scientific
10-Sep	09:00 - 09:30 AM		Mastering DNA polymerase selection: tailoring your enzyme for PCR success	Gintarė Gervaitytė, M.S. Product Manager, Thermo Fisher Scientific
10-Sep	09:30 - 10:30 AM		Beyond PCR: Unlocking the potential of RCA and RPA isothermal amplification methods	Raminta Mineikaitė Staff Scientist, Thermo Fisher Scientific Rasa Sukackaitė, Ph.D. Sr. R&D Manager, Thermo Fisher Scientific
10-Sep	10:30 - 11:00 AM		Networking Break #1 - Meet Our Experts	Designated breaks provide an opportunity to network with technical experts. Join speakers from various presentations in the Networking Lounge or connect with our technical specialists in the Exhibit Hall.
10-Sep	11:00 - 12:00 PM		Precision Oncology: Potential of Liquid Biopsy to Enhance Tumor Profiling Capabilities in Breast Cancer Management	Karen Page, Ph.D. Research Fellow, University of Leicester
10-Sep	12:00 - 01:00 PM		Advancing Cancer Research with Tools for Liquid Biopsy	Laure Jobert, Ph.D. Staff Scientist, Thermo Fisher Scientific

10-Sep	01:00 - 01:30 PM		Double your data, twice the insight: ProcartaPlex Dual Reporter assays	Sigrun Badrnya, Ph.D. Research & Development Manager, Thermo Fisher Scientific
10-Sep	01:30 - 02:00 PM		New Tools to Tackle Multiplex Imaging Challenges in Spatial Proteomics	Chris Langsdorf, Ph.D. Product Manager, Thermo Fisher Scientific Adyary Fallarero, Ph.D. MBA Sr. Product Manager, Thermo Fisher Scientific
10-Sep	02:00 - 02:30 PM		Networking Break #2 - Meet Our Experts	Designated breaks provide an opportunity to network with technical experts. Join speakers from various presentations in the Networking Lounge or connect with our technical specialists in the Exhibit Hall.
10-Sep	02:30 - 03:30 PM		Beyond conventional: Using advanced spectral solutions to expand single cell and population analysis	Heaven Roberts, Ph.D. Staff Scientist, Thermo Fisher Scientific
10-Sep	03:30 - 04:00 PM		Know Thy Sample - 5 methods to quantify your protein and when to use them	Suzanne Smith, B.S. M.S. Staff Scientist, Thermo Fisher Scientific
